# Further Education & Skills 24+ Advanced Learning Loans

**Release date:** 27 March 2014

**Next Updated:** 24 April 2014

**Coverage:** England; 24+, Level 3 and above; 08/04/2013 – 28/02/2014

**Statistician:** Jessie Evans ([jessie.evans@bis.gsi.gov.uk](mailto:jessie.evans@bis.gsi.gov.uk))

1. This is a Department for Business, Innovation and Skills (BIS) report for the 24+ Advanced Learning Loans system and covers application data from 1-28 February 2014, as well as containing cumulative data from launch of the loans system (8 April 2013) to 28 February 2014.
2. The report contains an outline of the source of the data as well as headline information from the data.
3. The report contains tables of data regarding application processing and breakdowns of received applications by provision type, age and sex (information as given in application forms).
4. This report is published monthly. The next publication will be Thursday 24 April 2014.

## Main Headlines

- The total number of applications received from 8 April 2013 to 28 February 2014 was **62,811** (excludes ineligible applications).
- The total number of applications received from 1-28 February 2014 was **2,789** (excludes ineligible applications).
- The total number of processed applications from 1-28 February 2014 was **2,117** (includes ineligible applications).
- The largest amount of applications received (**949**, excluding ineligible applications) from 1-28 February 2014 was in the **31-40** age band.

## Data Sources

The data used to produce this monthly report are sourced from the Student Loans Company (SLC) application database. Data cover applications for 24+ Advanced

Learning Loans received from programme launch on 8<sup>th</sup> April 2013 until 28<sup>th</sup> February 2014. It should be noted that the data refer to all received applications (both unprocessed and processed, but excluding those ineligible, cancelled, deleted and in data entry) for 24+ Advanced Learning Loans. Therefore, application figures are not necessarily indicative of actual learner starts.

The data used in this report are sourced from an operational database that is updated on an ongoing basis, and therefore month to month application figures may fluctuate due to further processing of received applications. This may sometimes result in total application figures from launch in a particular table category increasing more or less than would be expected based on the previous month's submitted applications, or even decreasing from one month to the next.

As a part of the Skills Funding Statement released on 10th February 2014, it was announced that **Apprenticeships are to be removed from the 24+ Advanced Learning Loans system, and regulations came into force on 7<sup>th</sup> March 2014**. However, data from applications for 24+ Advanced Learning Loans to fund Apprenticeships are to be included in this report until they are removed from the SLC application system.

## Other Related Statistics

On Thursday 27<sup>th</sup> March 2014 the Department for Business, Innovation and Skills published the Further Education and Skills Statistical First Release, which contains figures relating to learners participating in FE in the first two quarters of the academic year (August 2013 to January 2014) who were funded through the 24+ Advanced Learning Loans system. The Student Loans Company also published their 24+ Advanced Learning Loans Paid in England publication, which includes information on payments made to FE providers on behalf of 24+ Advanced Learning Loans learners in the first two quarters of the academic year.

It should be noted that each of these publications use a different reference period and different data sources to this publication, and therefore figures are not directly comparable. See the links below for more details.
